

“Fade Back” Marks DJ Zapper’s Boldest Pop-EDM Crossover Yet

DJ Zapper returns with a bold and emotionally charged new single, **“Fade Back,”** a high-energy fusion of dance-pop, house, and EDM that’s built to ignite playlists and dance floors alike.

“‘Fade Back’ is about that feeling when you try to move on, but something — or someone — keeps pulling you back in,” says DJ Zapper. “I wanted the track to feel intense, sexy, and uplifting all at once — something you can dance to, but also feel.”

The release follows the success of DJ Zapper’s previous single “Where The Night Might Go”, building momentum across Spotify playlists and social media platforms. With “Fade Back,” the artist takes a bolder step into the spotlight, combining emotional storytelling with festival-worthy energy.
